

2019
SPARKLING ROSÉ
“BARE NECESSITY”

EXTRA BRUT

VIVIO VINEYARD - BENNETT VALLEY

For most producers of sparkling rosé, the color is merely skin deep – a splash of red wine is used to tint an otherwise white wine base. Not so with Sosie. Ours is a rosé of Syrah from start to finish, not simply a pink version of our Sparkling White.

So what can you expect? Aromas of blood orange, white peach and Pink Lady apples. Flavors of strawberry and watermelon. And a finish that flutters between a wild raspberry and a watermelon Jolly Rancher. As the wine warms you'll pick up Bartlett pears and a faintly balsamic aftertaste.

While the past few years have given us pause when considering what constitutes a “bare necessity,” we still believe sparkling wine is essential to living well. If having a bottle of sparkling wine around compels you to find something – anything – worth celebrating on a given day, then we've done our job.
